### **Comments (Young Children)**

Charity would do best in a home without small children due to her space issues. She could get along with older/teenage children who are able to respect her space without hugging her around the neck, laying on her or trying to lay with her when she is on the floor or a dog bed.

### **Turn Out Routine**

Around 6am, 8am, noonish, 6pm, 10pm. I work partly from home so she is let out frequently, but she is able to go 8-9 hours.
