### **Good With Young Children**

Not Sure

### **Comments (Young Children)**

We do not have young children in our home. He has done well with children who are a bit older like 6 years old. He was around a 2 year old and was friendly, but he was excitable. He does not realize his own size and could knock them over a small child and possibly chase them so he needs supervision around kids.

### **Stairs**

He does them well.

## Counters

George initially counter surfed. He is tall and his head is kitchen table height so we be sure and keep food out of his reach. He has not tried to jump on tables to get it when it has been out of his reach.
